Speakers Network

The UMFS Speakers Network is a trained team of staff, board members, and friends who represent the agency by making presentations to faith, civic, community, and business organizations.

Presentations can vary in length and style, but for the most part are informational and inspirational. Each presentation includes a short history and overview of UMFS. Presentations can be program/service-specific, or tailored to your organization's needs and interests. Your gathering may be large or small, structured or more informal.

If you are interested in learning more about the UMFS Speakers Network, or would like to schedule a speaker for your organization, please fill out the request form in this brochure and return it to UMFS.

If you have further questions about the UMFS Speakers Network, please contact **Connie Dye** at **(804) 254-9468** or email **cdye@umfs.org**.
