to a **BRIGHTER** future

CHILD & FAMILY HEALING CENTER
Unwavering champions for children and families.

UMFS' Child & Family Healing Center puts kids on the road to academic, emotional and social success.

At Child & Family Healing Center, we start with strengths—always. Our family-centered and relationship-based approach to residential treatment empowers kids to discover their inherent strengths and become confident, healthy and independent adults.

Who We Help

Child & Family Healing Center helps children and teens ages 11 to 18 with a variety of complex behavioral, social, psychological and learning challenges get back on track.

Our specialized program for kids with autism and other neurological differences helps students build the social and academic skills they'll need to live richer, fuller lives.

Our Approach

We believe every person has four universal needs —
BELONGING, MASTERY, INDEPENDENCE, and GENEROSITY.

Our highly-trained team uses this as a foundation to build individual treatment plans that encourage personal growth, promote healthy self-expression, inspire academic excellence, teach individual responsibility and inspire service to others.

Child & Family Healing Center provides 24-hour intensive residential treatment for high-risk adolescent males and females.
