

You can help high-risk children and teens achieve a brighter future.

Foster Care

Damonte's mother was not able to care for him after his father died. At UMFS, Damonte was matched with a loving foster mother who helped nurture his kind-hearted spirit. He was able to learn the skills he'll need to become a productive adult. **Damonte recently celebrated his high school graduation and is looking forward to the next step in his journey.**

Mental Health

Mackenzie experienced severe trauma as a young child. Her behavioral and mental health challenges continued to escalate. When she was 13, Mackenzie came to UMFS and began a healing journey that would change her life. Today she has a stable home and a job she enjoys. Mackenzie shared that **"I never would have thought I'd be where I am today."**

Special Education

Sophia struggled with developmental challenges. She was easily distracted and overstimulated in a traditional classroom. That led to increasing behavioral challenges. The small class sizes and trauma-informed, therapeutic support at UMFS helped Sophia thrive. As her parents shared, **"Sophia's growth has been tremendous."**

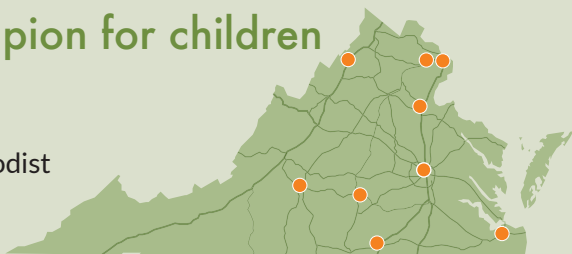

For 120 years, compassionate people like **you** have partnered with UMFS to serve as unwavering champions for high-risk children and families in Virginia.
